

School Transport – daily bus service

The service uses school minibuses driven by trained drivers who are school employees. All bus routes are managed by Rydal Penrhos and should you have any queries regarding the bus routes, pick up location and times, please contact the Transport Manager, Mr. Phil Hilton during usual office hours.

Parents are asked to commit to a term's travel, providing one term's notice of withdrawal from the scheme, and are asked to commit to full weeks of travel, rather than random days. Minimum usage of the service is five trips per week, anything over this will be charged as a full day rate. The only exception to this will be for weekly boarders. Due to the timings and possible traffic congestion in the mornings, **drivers will not be able to wait at the pick-up points, beyond the time stated.**

Parents are asked to appreciate that the services will be run subject to reasonable demand and that, with due notice, changes may be made. Places will be allocated on a first-come, first served basis. Subject to availability, if a pupil would like a friend to accompany them on the bus, they must submit a written request to Mr. Hilton at **least 48 hours** prior to travel, and a charge will apply.

There can be no refund for any days when a child does not use the minibus, for whatever reason. For the Autumn Term, new parents to the service are asked to forward the booking form and the charge will be added to the termly fee invoice a term in advance.

If you live outside of the current routes or you have an alternative pick up point that you may wish to be considered please contact the **Transport Manager, Mr Phil Hilton** on **07793 800419** philtonr@rydalpenrhos.com.

To assist with the school's safeguarding policy, please inform Mr. Hilton if your child/children will not be traveling on the bus on any pre-booked day. This includes absences from school due to illness, school trips, activities, sporting events and after school clubs. Your child is also required to sign off the bus register in reception if not travelling for any reason. This is so the school and the transport manager can account for the whereabouts of all the children due to travel on the buses, ensuring that the buses leave on time.

Normal school rules apply while the children wait to board the buses and also during transportation in the minibuses; the school reserves the right to ban/suspend a pupil from using the service should, in the opinion of the Headmaster his/her behaviour on the bus merit such action.
