Weddings

WEDDINGS

Our listed buildings, the oldest of which dates back to 1885, are set in beautiful landscaped gardens and are the perfect venue for your wedding.

THE OSBORN HALL

With its vaulted ceiling, stained glass and parquet flooring, The Osborn Hall is steeped in history and has previously been the school chapel, dining hall and library. Now converted into a wonderful event space, here you can host larger events for up to 250 guests. The room opens onto the quad and gardens, perfect for pre-dinner drinks.

THE MEMORIAL HALL

Look up and enjoy the beautiful painted ceiling in another room that echoes the history of the school. The Memorial Hall can host up to 150 guests.

THE PAVILION

Host events for up to 40 guests in a relaxed and less formal setting. Opening onto our cricket field, this is a great setting for a smaller wedding breakfast or evening event hosted in a marquee or stretch tent.

ST JOHN'S CHURCH

Our school church is St John's where you can choose to be married, host a family ceremony or a memorial service. Our school chaplain will be happy to discuss this.

THE FERGUSON CENTRE

A more contemporary venue, with beautiful sea views, this is the space for relaxed cocktail parties and more informal celebrations.

Our team of dedicated event planners are available to help you plan your perfect day or evening. Working with hand-picked local event suppliers, everything is on hand to create the wedding or event of your dreams. 

Theatre & Performance

Our school campus hosts exceptional theatre and performance spaces. We welcome many local drama and performance groups to the school throughout the year.

THE MEMORIAL HALL

A traditional Proscenium arch theatre with a large stage, the ability to fly scenery and a suite of dressing rooms. The auditorium seats just under 400 when using both the hall and balcony seating. There is direct street access and a small lobby area where you are able to serve interval refreshments. Equipped with a state of the art lighting desk and sound system, this is a wonderful venue to showcase a performance or for choral and orchestral recitals.

The Memorial Hall also opens directly onto the quad, the ideal venue for hosting welcome drinks or an interval refreshment during the warmer months.

THE DRAMA STUDIO

A wonderful rehearsal space, or perhaps the ideal venue for a more contemporary performance in the round. Again equipped with state of the art AV equipment, the Drama studio is perfect for smaller, more intimate performances or as a dedicated rehearsal space.

OUTDOOR PERFORMANCES

Outdoors we have a host of wonderful venues perfect for a summer concert, or any type of performance. There is easy street access and parking within our school grounds. 

Accommodation

Spread across five houses our accommodation includes comfortable bedrooms for groups of up to 100 guests. Bathroom facilities are shared, with each house featuring kitchen facilities for preparing hot drinks and snacks.

The houses are set within our campus making all of the meeting, event and sporting facilities easily accessible for your group.

BEECHOLME – Accommodating up to 40 guests, this stunning arts and crafts building is set in the heart of our campus and was originally built to house the headmaster and his family. Retaining many original features, including the sumptuous wood-panelled entrance hall and copper fire surrounds, there is also a large kitchen and common room area. Ideal for larger groups.

INGLESIDE – One of our smaller houses, this is a stunning building with a host of original arts and crafts features. With accommodation for up to 30 guests.

GLAN ABER – Just across from our senior school campus Glan Aber is the ideal choice for a study group or sporting group. With bedroom space and a meeting room on the ground floor here you can sleep up to 25 guests. There are both kitchen and common room areas.

EDENFIELD (opening 2022) – Newly refurbished, Edenfield offers single or twin rooms with en-suite facilities and is available as an entire unit, or you may prefer to reserve individual rooms for smaller groups visiting North Wales.

EDWARDS – Formerly a stunning Edwardian residence, Edwards is the largest of our accommodation areas allowing up to 70 guests in shared accommodation. Many of the rooms enjoy uninterrupted sea views and the accommodation is spread over three floors with kitchen and common room facilities.

All of our accommodation is available year-round and can be reserved on a room only basis or in conjunction with our dining facilities to include delicious meals served in our dining room. 

Training, Conferences & Team Building

WITH THE RIGHT STANDPOINT, IT IS POSSIBLE
TO MOVE THE EARTH

Location is everything! And ours is truly spectacular... Nestled between Snowdonia National Park and the Irish Sea, this is a truly beautiful and unique corner of the country – complete with castles, mountains, lakes and forests. It is the perfect setting for rest and relaxation, conferences, training, team building and adventure.

Our meeting and conference rooms can host events from 5-250 guests together with state of the art AV equipment. Move your delegates easily between a main session, break-out rooms and into lunch and dinner.

Our facilities include smaller rooms, ideal for group training, or the dining hall and the Memorial Hall which are available for larger conferences.

Use our sporting facilities for team building exercises or a corporate away day.

The 25m indoor pool or the large sports hall are ideal venues for group activities, with our outdoor spaces offering the chance to create larger team challenges.

The Welsh countryside lends itself to a wealth of extra-curricular outdoor activities. From orienteering to rock-climbing to sailing. The well-known Zip World and Surf Snowdonia are on our doorstep, as are mines, cable cars, steam railways and tram rides. Rydal Penrhos provides a base to just "be" or to explore further and to discover.

Now more than ever, we appreciate the peace and tranquility that the natural world provides. Going into the mountains on an expedition, or braving the seas in a kayak or sailboat, are once-in-a-lifetime, character-building experiences; experiences that everyone should have a chance to enjoy.
